Understanding Your Electric Charges

Average kWh per day – The average amount of electricity purchased per day.

Basic Service Charge – A fixed monthly amount to cover the cost of providing service to your location.

Bright ChoicesSM – The number of light fixtures and/or poles leased from Tampa Electric, and associated fees and charges.

Budget Billing – Optional plan takes the highs and lows out of monthly electric bills. This "leveling" billing plan averages your last 12 monthly billing periods so you can pay about the same amount for your service each month.

Energy Charge – The cost (except fuel) of producing the electricity you purchased, including conservation, environmental and capacity cost recovery charges.

Estimated – If Tampa Electric was unable to read your meter, "ESTIMATED" will appear. Your electric use has been estimated based on previous usage. The meter is scheduled to be read next month, and any difference between the estimate and actual use will be adjusted accordingly.

Florida Gross Receipts Tax – A tax is imposed on gross receipts from utility services that are delivered to retail customers in Florida, in accordance with Chapter 203 of the Florida Statutes. The tax is levied on utility companies, which collect the tax from all customers, unless exempt, and remit to the state.

Florida State Tax – A privilege tax imposed on every person who engages in the business of selling or renting tangible personal property at retail in the state, in accordance with Chapter 212 of the Florida Statutes.

Franchise Fee – A fee levied by a municipality for the right to utilize public property for the purpose of providing electric service. Like taxes, the fee is collected by Tampa Electric and is paid to the municipality.

Fuel Charge – Cost of fuel used to produce electricity you purchased. Fuel costs are passed through from fuel suppliers to our customers with no markup or profit to Tampa Electric.

Kilowatt-Hours (kWh) – The basic measurement of electric energy use.

Late Payment Charge – For past due amounts more than \$10, the late payment charge is the greater of \$5 or 1.5% of the past due amount. For past due amounts of \$10 or less, the late payment charge is 1.5% of the past due amount.

Municipal Public Service Tax – In addition to the Franchise Fee, many municipalities levy a tax on the electricity you use. It is collected by Tampa Electric and paid to the municipality.

Past Due – Previous charges that are past due are subject to a late payment charge fee and may result in disconnection.

Rate Schedule – The amount (rate) you pay depends on your customer category. The cost of providing service varies with the customer group.

Renewable EnergySM – The amount of electricity purchased from renewable sources.

Share – A program co-sponsored by Tampa Electric and the Salvation Army where customers can help pay the energy bills of customers in need. A one-time contribution can be made, or your monthly elected contribution will appear on your bill. Your contribution is tax deductible and is matched by Tampa Electric.

Total Amount Due – This month's charges will be past due after the date shown. THIS DATE DOES NOT EXTEND THE DATE ON ANY PREVIOUS BALANCE. It is important that you pay your bill before this date in order to avoid interruption of service.

Zap Cap Systems[®] – Surge protection for your home or business sold separately as a non-energy charge.
